DOMINION ORDERS IN COUNCIL.

[2875]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 27th day of November, 1913.

PRESIDENT:
HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

HIS Royal Highness the Governor-General in Council, under and in virtue of the provisions of section 18 of the "Dominion Forest Reserves and Parks Act" (chapter 10 of the Statutes of 1911), is pleased to order that the following regulations respecting buildings in Dominion parks shall be and the same are hereby made and established.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

REGULATIONS RESPECTING BUILDINGS IN DOMINION PARKS.

PERMITS:

1. The erection, alteration, moving or pulling down of any building or part of any building or structure, or any platform, staging, or flooring to be used for standing or sitting purposes shall not be commenced in any Dominion Park until a permit for such erection, alteration, moving or pulling down has been obtained from the Superintendent of such Dominion Park, hereinafter called the Superintendent, by the owner or his architect or agent. The fee for such permit shall be one dollar.

2. The application for such permit shall be in writing upon a form which may be obtained at the office of the Superintendent, upon which form the applicant shall state clearly and fully such information as the said form requires, and shall give a correct estimate of the value of the work proposed to be carried out, which information is to be verified by the statutory declaration of the applicant when required by the Superintendent.

3. Drawings, plans, and specifications sufficient to enable the Superintendent to obtain full and complete information as to the extent and character of the work to be done, shall be submitted with such application, and all such drawings, plans, and specifications shall be filed with the Superintendent.

4. All plans and drawings shall be made to a scale on paper or cloth, or shown by some process that will not fade or obliterate.

5. If the matters mentioned in any application for a permit, or if the drawings, plans, and specifications submitted therewith, indicate to the Superintendent that the work to be done will not in all respects satisfy the provisions of the Park's regulations, or be in accordance with the requirements of National Parks, he shall not grant such permit until such application, drawings, plans, and specifications shall have been made to conform thereto.

6. When the applications, drawings, plans, and specifications conform to the requirements of the regulations and are satisfactory to the Superintendent, he shall certify and approve of the same, and shall issue his permit for the work described.

7. There shall be no deviation from the drawings, plans, and specifications so certified and approved without the written consent of the Superintendent.

8. Every permit shall expire within six months from the date of issue, and the erection or alteration of any building or part of any building, or structure, or any platform, staging, or flooring for

which a permit has been granted, and upon which active work has begun, shall be completed within the period during which the permit is valid, provided that if the permittee shall, at any time before the expiration of the permit, furnish in writing a reason satisfactory to the Superintendent showing why the work cannot be completed within such period, the permit may be renewed.

9. Any permittee who, without the written consent of the Superintendent, makes any important deviation from the certified drawings, plans, or specifications in the erection or alteration of any building or part of any building, or structure, or any platform, staging, or flooring for which a permit has been granted, or who begins active work upon any such structure and fails to have it completed during the period in which the permit is valid shall be liable to the penalties prescribed by these regulations, and the Superintendent may pull down such partial structure and may remove from the lot, at the expense of the permittee, any lumber, stone, or other building material or property upon the lot, and may sell or otherwise dispose of such building material or property to pay the expenses of its removal, and the Superintendent may refuse thereafter to grant to the permittee a permit for the erection or alteration within the park of any building, part of any building, structure, staging, or flooring.

CLASSIFICATION OF LOTS.

10. The lots of any townsite in the parks may be classified by the Commissioner of Dominion Parks according to the minimum cost of buildings to be erected upon the lots of any class and no permit for the erection of any building on any lot shall be granted unless the drawings, plans, and specifications submitted with the application therefor shall furnish satisfactory evidence to the Superintendent that the material and labour shall, when the building is completed, have cost the owner or agent at least the minimum cost fixed for buildings to be erected on the class of lots to which such lot belongs.

11. No permit shall be granted for the erection of any building unless the drawings, plans, and specifications submitted with the application shall furnish satisfactory evidence to the Superintendent that the design is suitable for the class in which the lot falls upon which it is proposed to erect the building.

12. No permit shall be granted for the erection of any building or part of any building, or any platform, staging, or flooring unless satisfactory evidence is furnished to the Superintendent in the application that the purpose for which such structure is to be used will not be detrimental to the purposes for which other buildings now erected or hereafter to be erected on neighbouring lots are likely to be used.

13. Every permit shall be subject to revocation if, in the opinion of the Superintendent, the work is not being carried out in accordance with the plans and specifications certified and approved when such permit was granted. Such revocation shall be in writing and shall be served on the owner or his agent, or in their absence on any one doing any of such work, and the said work shall be stopped, and any person continuing the same or employed or engaged upon or in connection therewith shall render himself liable to the penalties hereinafter prescribed.

OBSTRUCTION OF STREETS AND SIDEWALKS.

14. No permit granted by the Superintendent shall authorize the obstruction of any street or sidewalk, or be valid longer than six months from the date of issue, but such period may be extended by the Superintendent from time to time on sufficient reason being shown, no such extension at any one time to be for a longer period than three months. Any such permit or extension shall become null and void upon the holder failing to comply with the terms of such permit, or upon the work being abandoned.

15. No person shall interfere with or remove any portion of a sidewalk or occupy any portion of a street or sidewalk by placing thereon any building material, or other substance or object, unless he has first received from the Superintendent a permit specifying the work and the time for which it

authorizes such occupancy, and immediately upon the completion of the work, or upon the expiration of the permit, the permittee shall remove from such street or sidewalk any material which he has placed or caused to be placed thereon, and shall cause such street and sidewalk to be restored to its former condition.

16. When any building is to be erected on the line of any street or within three feet of the inside line of the sidewalk of any street, the Superintendent may require the permittee either to have a covered structure erected over the sidewalk or footway, or to enclose with a board fence the portion of the sidewalk or footing, along the entire frontage of the building.

EXCAVATIONS.

17. All excavations for buildings shall be properly guarded and protected by the person or persons causing them to be made, so as to prevent the same from becoming dangerous to life and limb, and shall be sheet piled when necessary to prevent the adjoining earth from caving in by reason of its own weight or by reason of any load that may rest upon it.

18. Wherever an excavation shall be made it shall be the duty of the permittee to preserve any contiguous wall from injury and to sustain and protect the same at his own cost and expense, so that the said wall shall remain as safe as before such excavation was made.

STAIRS, PASSAGEWAYS, AND EXITS.

19. In all buildings used as hotels, lodging, or rooming houses, the halls, stairs, passageways, doors, and exits shall be arranged to facilitate egress in case of fire or accident, and all such buildings having twenty-five or more rooms above the ground floor shall have at least two independent stairways, each not less than four feet wide, and situated at opposite ends or sides of the building and connected with or extending to the ground floor. No door at the foot of such stairway shall be fastened except with a movable bar or bolt, readily drawn from the inside without the use of any key or combination whatever. At the top of such stairs there shall be kept burning a red light from sunset to sunrise each day.

20. Every theatre, opera house, or other building to be used for theatrical or operatic purposes, or for public entertainment or assemblage of any kind, shall have at least one front on the public highway or street, and in such front there shall be suitable means of exit for the audience to the satisfaction of the Superintendent.

21. Any audience room not located on the ground floor shall have at least two flights of stairs from the floor in which such room is located to the street, sidewalk, or ground floor, and in the width of such stairs shall not be less than five feet in the clear each.

22. All doors of entrance and exit for the audience, in any building intended for public entertainment or assemblage of any kind, shall open outwardly and shall be hung to swing in such manner as not to become an obstruction in any passage or corridor, and no such doors shall be closed and locked or fastened in any way during any entertainment or when the building is open to the public.

23. All aisles on the respective floors in the auditorium having seats on both sides of the same shall not be less than three feet wide; aisles having seats on one side only shall not be less than two feet six inches wide.

24. Stairs in all public buildings shall be in width equivalent to eighteen inches for every one hundred persons of the seating capacity of such building, fractional parts of one hundred being in each case counted as a full one hundred seats, but no single stairway in such building shall be less than five feet wide in the clear, and stairways from galleries must be placed as far apart as possible, and a separate and distinct stairway or stairways must be provided for every gallery. No circular or winding stair for the use of the public will be permitted.

25. No door shall open immediately upon a flight of stairs, but a landing at least the width of the door shall be provided between such stairs and such door.

SNOW-GUARDS ON ROOFS.

26. All roofs so constructed and located that the snow which lodges on them is likely to slide therefrom to the sidewalk or street so as to endanger public safety shall be provided with sufficient guards to prevent this from taking place, and snow having lodged upon the roof of any building shall be immediately removed by the owner, agent, or occupant of such building upon notice being given by the Superintendent or any officer authorized by him.

INSPECTION BY SUPERINTENDENT.

27. The Superintendent shall have full power to pass upon any question relating to the manner of construction or materials to be used in the erection, alteration, or repair of any building or structure, or respecting the steps necessary to ensure the safety of any building reported to or known to the Superintendent to be in a dangerous or defective condition.

28. The Superintendent shall have the right to visit, enter, and inspect from time to time, and at all reasonable hours, each building which may be in course of construction, alteration, or enlargement in the Parks, or any building which has been reported to him, or which he has reason to believe to be in a dangerous or defective condition in regard to its construction or through damage by fire or otherwise.

29. Whenever in the opinion of the Superintendent any building or any part of any building or staging or other structure is in such condition as to threaten the security of the Park, or to endanger life, or to be likely to cause serious accident, or to be in danger of being set on fire from any defect in its construction, or whenever in his opinion the doors or stairways in any public hall, church, theatre, hotel, tenement, or lodging-house, or other like building, are insufficient for the escape of people in case of fire, panic, or accident he shall have power to forthwith debar persons from entering the same, or to take such other measures as in his opinion may be necessary to protect persons from injury or accident; and he shall immediately notify the owner or his agent in writing specifying wherein such danger consists, or wherein such building is unsafe or defective, and the owner or agent shall forthwith put such building, staging or other structure or doors or stairways into safe condition, or pull down the same or the dangerous parts thereof. If the owner or agent neglects or refuses to proceed at once to put such building, staging or other such structure into safe condition, or to forthwith pull down the same or the dangerous parts thereof, the owner shall be liable to the penalties prescribed by these regulations, and the Superintendent shall have power to remove or pull down any such building, staging, or other structures, in any of which events the owner thereof shall not be entitled to compensation.

30. If the Superintendent finds any building or part of any building or staging or fence or any other structure in such condition as to be an eyesore on account of dilapidation or lack of paint, or from any other cause, he shall notify the owner or his agent in writing specifying the defects of such structure, and the owner or his agent shall forthwith remove or pull down or put the same into condition satisfactory to the Superintendent. If the owner or his agent refuses or neglects to do so immediately upon receiving such notice, he shall be liable to the penalties prescribed by these regulations, and the Superintendent shall have power to take such measures as he deems necessary to put any such building, staging, fence, or other structure into fit condition, or to remove or pull down the same.

31. If such work as is mentioned in the two sections immediately preceding this is done by the Superintendent, he shall render a bill of expense of the same to the holder of the lease of the lands upon which such work is done, and shall refuse to issue a permit for the reconstruction, alteration, or repair of any building or buildings on such lands until the outlay or expenditure shall be paid, and in default of payment forthwith of such bill of expense or any part thereof the same may be collected

from the holder of the lease by distress or by action at a suit of the Crown.

BUILDING FOR BUSINESS.

32. No building intended to be used as a livery-stable, store, storhouse, factory, shop, or for any other business purpose whatever, shall be erected or in any way modified or repaired for such purpose until the owner or agent has first obtained from the Superintendent a permit to conduct such business therein.

33. No public or private stable shall be built within ten feet of the street-line and stables erected toward the rear end of a corner lot shall not be built within five feet of the line forming the rear boundary of the lot; provided, however, if there is a lane of ten feet or more in width at rear of said lot a stable may be erected immediately adjoining it.

ESTIMATES OF MATERIAL.

34. The owner who desires to erect, repair, or alter any building, or his agent, shall, before the permit to proceed with the work is handed over to him, furnish to the Superintendent a certificate showing the quantity of concrete, brickwork, stonework, plastering, and lime which he estimates will be in said building, so as to enable the Superintendent to collect the proper charges for the water to be used in such building.

ACCESSORIES.

35. No awning hereafter to be erected shall be supported on permanent iron or other supports extending to the sidewalk in front of any building, but such awning shall be supported on iron or steel framework secured to the building, and no part of the same shall be nearer the sidewalk level than eight feet.

36. External doors or gates to buildings on or near the street-line shall not be hung so as to open outward over any part of the street, nor shall gates in fences, where fences are on or near the street-line.

37. AT THE GOVERNMENT HOUSE AT
OTTAWA.

Thursday, the 27th day of November, 1913.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS by clause 91 of "The Dominion Lands Act," which Act came into force on the 1st September, 1908, provision was made that, "in the event of letters patent issuing to or in the name of a person who is dead, they shall not be therefore void, but the title to the land thereby granted or intended to be granted shall vest in the heirs, assigns, devisees, or other legal representatives of the deceased person according to the laws in force in the province in which the land is situate, as if the letters patent had issued to or in the name of the deceased person during his lifetime."

And whereas "The Dominion Lands Act" does not apply to the Railway Belt of British Columbia, which is governed by the "Regulations for the disposal of Dominion Lands within the Railway Belt in the Province of British Columbia," established by Order in Council of 17th September, 1889, and amendments thereto, which regulations do not contain any provision for the issue of letters patent in the name of a deceased person;

And whereas a case has arisen in which it is expedient to issue letters patent to a deceased settler, and it is considered advisable that the above-mentioned provision should apply to the Railway Belt:

Therefore His Royal Highness the Governor-General in Council is pleased to order as follows:—

The "Regulations for the disposal of Dominion Lands within the Railway Belt in the Province of British Columbia," are hereby amended so as to provide that in the event of letters patent issuing to or in the name of a person who is dead, they shall not be therefore void, but the title to the land thereby granted or intended to be granted shall vest in the heirs, assigns, devisees or other legal representatives of the deceased person according to the laws in force in the Province of British Columbia as if the letters patent had issued to or in the name of the deceased person during his lifetime.

1. To confer upon the Municipal Council of the City of Victoria power from time to time to make, alter, and repeal by-laws for any of the following purposes, or in relation to matters coming within the classes of subjects hereinafter mentioned, that is to say:—

(1.) For regulating the location, construction, and use of huts, shacks, sheds, garages, barns, and other buildings which, if unrestricted as to location, tend to reduce the value of assessable property;

(2.) For prohibiting, licensing, and regulating tents and the location, erection, construction, and use thereof in the City of Victoria and in any parts or areas of the said city;

(3.) For permitting areas or openings to be constructed in or under any sidewalks and streets in the City of Victoria, and to make and collect an annual charge for the use of any such areas or openings previously constructed or hereafter to be constructed of such amounts as the Council may deem reasonable;

(4.) For compelling owners or occupiers of lumber-factories, sawmills, slaughter-houses, shoddy-mills, crematories, tanneries, rag or bone works, laundries, electric-light works, and carpet-cleaneries, and of any other place where any manufacturing or trade process whatsoever is carried on in com-

nection with the operation of which smoke, dust, or effluvia is caused or produced, to install and maintain such chimneys or other apparatus as shall consume the smoke, dust, or effluvia, or prevent the same from fouling the atmosphere, or being carried by the wind or otherwise to other shops, houses, or premises, to the inconvenience or injury of the neighbouring premises or residents therein:

(5.) For regulating the distance from the centre of the street of all buildings hereafter to be built upon lands abutting upon any street in any specified areas within the City of Victoria, and prohibiting the erection of any such building except at such distance from the centre of such street in any specified area as the Council may deem advisable:

(6.) 2. In the event of the Council of the said Corporation of the City of Victoria undertaking as a work of local improvement the opening, widening, or extending of any street within the City of Victoria, and for such purpose it becomes necessary for the Council to enter upon, expropriate, take, and use any lands or real property or interest therein in accordance with the provisions of the "Municipal Act" and amendments thereto, the said Corporation, while entitled immediately upon issuing the notice mentioned in section 399 of the "Municipal Act" to take possession of, use, and enjoy the said real property or interest therein, shall not be under obligation to pay the compensation therefor to the respective owners in a lump sum, but at the option of the said Corporation, to be indicated by a resolution of the Council to that effect, the said amount shall be paid in equal instalments and in the same number of instalments as those by which the special assessment shall be made payable as set out in the report required by section 30 of the "Local Improvement Act," and said instalments shall be included in cost of the work to be specially assessed in accordance with the provisions of the "Local Improvement Act." The Corporation shall pay to the respective owners interest at the rate of six per centum per annum on all unpaid instalments yearly, said interest to be paid out of the general revenue of the Corporation and not to be included in the special assessment.
